

## DECLARATION OF DECONTAMINATION

Reason for returning:

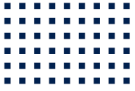

- complaint     repair/ modification     return of loan

Return authorization number (KR-nr. / RA-nr. /nr. of loan agreement):

As customer / borrower, you are responsible for the proper decontamination and cleaning of the equipment to be returned / rented including accessories. The used decontamination or cleaning procedure must be suitable to remove corresponding residues, so that no dangers for the employees of CETONI GmbH are caused by the products. The present declaration must be filled in truthfully and completely by you as a customer. It serves the purpose of tracing which substances the products have come into contact with and as proof of the cleaning process carried out.

CETONI GmbH reserves the right to refuse the acceptance of returned goods that are not accompanied by this declaration, the listed cleaning method is not considered suitable or obvious residues are found on the equipment. **Please attach this declaration in a shipping bag outside the package or place it inside package above the equipment!**
